"As a psychology major, this book was fascinating... Nature vs. nurture... It all made me stop and think about how their mind worked differently than mine."

— *Tanya (Psychology Major, Aug 1, 2025)*

"It is highly disturbing... I worry that this work of fiction are his actual thoughts. The author's note is unsettling." (provocative reaction)

— *Emmalee Clift (Jul 24, 2025)*

"A very intriguing story line from the viewpoint of a serial killer... I am still having nightmares of the roach lady!"

— *Melanie Houghton (Aug 2, 2025)*

"I'm not sure what I just read. Give it a try!"

— *Lauren (Aug 1, 2025)*

"Excellent and creepy! Is the Author a serial killer?!? Maybe... That's the point! A great, quick read; you can get lost in the stories."
